On the next few screens we would like to get your opinion of parties and their leaders.

Please rate each party or party leader using the scale on the screen. Ratings between 50 and 100 mean that you feel favourable toward the party or leader. Ratings between 0 and 50 mean that you don't feel favourable toward them.

You would rate the party or leader at the 50 mark if you don't feel particularly favourable or unfavourable toward them. Simply drag the arrow to your desired ranking. We are going to show you a number of scales, one after the other.
